Dear Sir:

Re: Public Consultation on the Draft Data Protection Bill

The CIIA (Cayman Islands Insurance Association) hosted representatives from the Information Commissioner's Office yesterday, 1<sup>st</sup> November, 2012.

The forum was very informative and at this juncture, as an Association we do have a number of issues regarding our procedures that may conflict with the Law and we will seek clarification to address these.

The CIIA have also formed a Working Group to review with respect to our operations as Insurance entities and would like to present these within the next two (2) weeks to the Consultation Group.

Yours sincerely,  
CAYMAN ISLANDS INSURANCE ASSOCIATION

  
Derry Graham  
President
